PROFESSIONAL SUMMARY

Results-driven Senior Full Stack Engineer with 13+ years of experience building scalable, data-intensive web and mobile applications. Now expanding expertise into Generative AI, LLM Application Development, and RAG Systems to architect and deliver intelligent, AI-powered products. Proven track record of automating complex business processes — reducing timelines from 10 days to 2 days and achieving 98% efficiency gains. Skilled across the complete MERN stack, PHP/Laravel, React Native, and cloud infrastructure (AWS, VPS). Actively building AI projects incorporating LLMs, vector databases, and agentic workflows to transition into a senior AI engineering role.

AI & MACHINE LEARNING SKILLS

Generative AI	LLMs, Prompt Engineering, Context Design, RAG Systems, Agentic Workflows
Frameworks	LangChain, LangGraph, Hugging Face Transformers, OpenAI API, Ollama
Vector Databases	Pinecone, ChromaDB, FAISS, pgvector
ML Foundations	Statistics, Algorithms, Deep Learning, NLP, Model Fine-tuning
AI Dev Tools	GitHub Copilot, Cursor AI, Claude API, Jupyter Notebook

CORE TECHNICAL SKILLS

Full Stack	React.js, Node.js, Express.js, MongoDB, PHP, Laravel, CodeIgniter, Yii2
Mobile	React Native (Expo Router), Flutter, PhoneGap
Databases	MySQL, MongoDB, MSSQL Server, PostgreSQL
Cloud & DevOps	AWS, VPS, Digital Ocean, Dime Cloud, Git, BitBucket, PM2, Nginx
APIs & Integrations	REST, SOAP, Payment Gateways (CC-Avenue, EBS, Stripe), Social APIs

WORK EXPERIENCE

Vision Infotech (Product Company)

July 2018 – Present (6+ Years)

Senior Full Stack Developer | Mumbai

- Built a high-throughput data processing platform handling 10 Lakh+ file uploads per batch and complete billing cycles for 10 Lakh+ consumers monthly.
- Automated an end-to-end manual workflow, achieving 98% efficiency — reducing processing time from 10 days to 2 days and driving significant revenue growth by going paperless.
- Developed mobile applications using Flutter and PhoneGap alongside the core web platform.
- Built complex billing comparison modules, report generation engines, and consumer record management systems.
- Stack: Laravel, Node.js, MongoDB, Express.js, React.js, CodeIgniter, PHP, MySQL, jQuery.

Agraj Technocrats Pvt Ltd (Product Company)

April 2015 – July 2018 (3.6 Years)

Senior PHP Developer & Team Lead | Mulund

- Led development of NgConnect — a US-based PEO/ASO payroll platform with General Ledger, Check Writer, Accounts Payable, and Gross-to-Net reporting modules (chooseng.com).
- Developed GetMyMachine — a B2B online marketplace for Indian OEMs serving global clients (getmymachine.com).
- Refactored legacy codebase, implemented Agile practices, and coordinated QA for end-to-end testing.
- Stack: PHP, MSSQL, CodeIgniter, HTML, CSS, JavaScript, jQuery, DataTables, JqGrid.

Leza Solutions Pvt Ltd

Jan 2013 – March 2015 (2.2 Years)

PHP Developer | Navi Mumbai

- Built e-commerce and database-driven websites; liaised with clients to capture requirements and deliver standards-compliant frontend and backend solutions.

DSL Group / Buybhi Online Shopping

May 2012 – Nov 2012 (7 Months)

Web Developer | Andheri

- Developed e-commerce features, cross-browser testing, and PHP/MySQL backend maintenance.

Unotech Softwares / Excellence Group / Media Tree

March 2010 – April 2012 (2 Years)

Junior PHP Developer | Bhandup

- Gained core PHP, MySQL, HTML/CSS foundations across multiple client projects.

AI PROJECTS (IN PROGRESS)

- **RAG-based Document Q&A System** — LangChain + ChromaDB + OpenAI API to query internal documents with semantic search.
- **AI-powered Inward-Outward Records App** — React Native + LLM integration for smart record classification and search.
- **LLM Agent with Tool Use** — Agentic workflow using LangGraph for multi-step task automation.

KEY ACHIEVEMENTS

- Reduced business process time from 10 days to 2 days — 80% improvement — through full automation.
- Designed and scaled a system processing 10 Lakh+ records per billing cycle without downtime.
- Delivered end-to-end product development from requirement gathering to production deployment across multiple product companies.
- Led a development team as Team Lead, mentoring junior developers and driving Agile adoption.

EDUCATION & CERTIFICATIONS

Bachelor of Engineering (Computer Science) — Pune University, 2009 (65%)

Diploma in Computer Technology — MSBTE, 2006 (64%)

AI/ML Certification (In Progress) — Statistics, ML, Deep Learning, NLP, GenAI, LLMs, RAG, Agents, Hugging Face
